# FOCUS ON...

## **The AKC Canine Good Citizen Program**

Welcome to the AKC's Canine Good Citizen® (CGC) Program. Started in 1989, CGC is a certification program that is designed to reward dogs who have good manners at home and in the community. The Canine Good Citizen Program is a two-part program that stresses responsible pet ownership for owners and basic good manners for dogs. All dogs who pass the 10-step CGC test may receive a certificate from the American Kennel Club.

Many dog owners choose Canine Good Citizen training as the first step in training their dogs. The Canine Good Citizen Program lays the foundation for other AKC activities such as obedience, agility, tracking, and performance events. As you work with your dog to teach the CGC skills, you'll discover the many benefits and joys of training your dog. Training will enhance the bond between you and your dog. Dogs who have a solid obedience education are a joy to live with—they respond well to household routines, have good manners in the presence of people and other dogs, and they fully enjoy the company of the owner who took the time to provide training, intellectual stimulation, and a high quality life. We sincerely hope that CGC will be only a beginning for you and your dog and that after passing the CGC test, you'll continue training in obedience, agility, tracking, or performance events.

A key component of the CGC Program is the 10-step CGC Test. All dogs who pass the CGC Test receive a certificate from the American Kennel Club.

The 10-steps:

1. Accept a friendly stranger.
2. Sit politely for petting.
3. Appearance and grooming.
4. Out for a walk. (Walking on a loose leash)
5. Walk through a crowd.
6. Sit and down on command/staying in place.
7. Come when called.
8. Reaction to another dog.
9. Reactions to distractions.
10. Supervised separation.

## Annual Awards Banquet

Submitted by Johanna Matsuda

Our Awards Banquet/General Membership Meeting was held on Saturday, May 10, 2008 at the American Lung Association of Colorado in Greenwood Village.

The delicious lunch was catered by Carol & Jeff Jefferson. If you didn't attend, you missed an awesome lunch. Linda Morley-Roser handled all the reservations & Greg Szymskie was our announcer. Thank you Carol, Jeff, Linda & Greg for your help.

Last year our club members worked hard with their Newfs. Here is a summary of the titles earned last year:

- 6 Champions
- 2 Obedience - CD
- 2 Obedience - CDX
- 4 Rally Novice
- 2 Rally Advance
- 4 Rally Excellent
- 1 Tracking Dog
- 2 Water Dog
- 2 Water Rescue Dog
- 2 Breeder of Champions
- 1 Brood Bitch

1st Place at the National: CD, Graduate Novice & Brood Bitch

- 2 Group Placements

Unfortunately, we didn't award any Draft Dog titles. Please work with your Newfs; a wonderful way to bond with your dog just ask the above owners.

We had three (3) Living Legends, Newfs that are 10 years or older.

We highlighted the memories of three wonderful Newfs that crossed the Rainbow Bridge last year.

## **Craig Hospital Volunteers Needed**

For more than twenty years the High Country Newfoundland Club members have provided Newfoundland Therapy Dogs for Craig Hospital. We currently have eight members active in the program. Because of the demand for our dogs at the hospital, we would like to add a few more participants. Our dogs work at the hospital every Monday evening between 6:30 and 9:00 p.m. Individual members volunteer at least one Monday per month. Dogs must be at least one year old and well enough trained to visit safely in patient rooms where major medical equipment is being used. Dogs must be well groomed and have had a bath within twenty-four hours of making a visit. Handlers must attend a Craig Hospital orientation session and allow the hospital to conduct a background check. If you would be interested in becoming a part of this program, please contact Ron Horn, 303-797-8642, for additional information.

## **West Side Story**

Another year has gone by, another National is over but what fun we had!!

Though Rhode Island proved to be truly a wet one this year, there was winning to be done.

In Sweeps, Marci's "Kizzy" won the 15-18 month class plus the 12-18 month bitch class from the regular classes. Marci is very proud of her girl!

Peggy hated missing this year but was kept abreast every couple of days of the happenings! Peggy was there in spirit!

Summer is suddenly upon us hitting 90 degrees ALREADY! We hope all of you on the East side and beyond have a safe and happy summer!

## **Meet the Breed at CSKC**

I'd just like to say thank you so much to everyone that participated in Meet the Breed at the Colorado Springs Dog Show on Saturday. I heard a lot of wonderful comments from the public regarding the Newfs and I would love to have you guys back again next year.  
Thanks for a GREAT job!!!!

# GROWING WITH GRACE

It has been a busy Spring for Mom and me. Since settling back into Colorado Springs we have enjoyed being close to our old friends and our old trails and especially the fact that we are closer to them now that we live "downtown". Almost every day starts with a nice walk before breakfast. We have discovered that there is another Newf living just one block away. His name is Oliver and he was rescued by Libby who named him after a well known club member. Apparently, Oliver's Mom, Scarlett, hooked Libby up with Linda Morley-Roser and the rest is as they say "history". Besides walking, we have been carting and doing rally. We practiced quite a bit for the draft test but we didn't pass so I believe more carting is in my future. I guess I can say the same for rally but we'll get to that later in the column. The Draft Test was held in Golden, CO and the committee and judges did a very nice job of making it a successful event. On Sunday, there was a practice test which was a nice addition. Look for a Fall Draft Test later this year.

The next big event we attended involved quite a bit of travel. We flew to Boston followed by a drive to Warwick, RI. The flight was uneventful but getting to the National site proved to be a challenge. Since our flight was slightly delayed, the shuttle service we reserved to Warwick never materialized. Fortunately, we were able to get a lift from two very nice club members with a mini van. Yes, that makes three people, two very large kennels, two newfs and luggage galore in one bright blue mini van. Add in a very rainy day and you have the perfect start to our 2008 National. Thanks to Bob McAllister for the ride. Mom decided that we were going to fully participate in the National so everyday was full of activities and fun. I actually had the most fun the first two days. We were entered in Rally Advanced. The first day we made it to about the sixth or seventh station on the course before I decide to have a little fun. I got what Mom calls "that look in my eye" and when requested to sit I decided to play. Front paws out front and butt in the air, I just went crazy and started to circle

the ring. Mom didn't join in so I finally came back to her and we were excused from Rally for that day. Mom wasn't very happy with my behavior as I had previously gotten my CD and RN in the first three tries. Our record was now ruined and Mom was apparently publicly humiliated. Sad to report but it was worse the next day. I thought it would be fun to just start out with the ring circling so I did it at Station 1! Not a good idea. Once I came back to Mom she put the leash on me and told me to sit. When I did not sit it was quickly followed by a correction, a sit and a quick exit out of the ring. Believe me, I had to sit on command the rest of the National. With the worst behind us we went on to enjoy the show. We were in the Honors Parade, took third place in the Senior Showmanship event and participated in the Best of Breed competition. Our friend Reagan was a "Select" so we basked in his glory by holding the ribbon (very large) and the Lenox China (very cool) as they had their pictures taken. Then there was the stuff that just happens at a National; I was reunited with my breeder, Joan, who thinks I'm very spoiled but is proud of me anyway, I was very helpful in training Nelson not to sniff girl's butts, I think I had three baths in the rain, I went to beach and "fished" which is not a good sign for water training this summer, my aunt joined us mid-week and they went to the Newport mansions, there was dinner every night with friends for Mom and usually a doggie bag for me and I heard the Clam Bake and Goodbye Banquet were special events shared with fellow HCNC members.

Upon returning from the National, Mom left me home and went to the Awards Banquet. Johanna Matsuda planned a very nice event and Carol Jefferson provided a wonderful catered lunch. Mom brought me home five awards. So, it is just possible that Mom and I will become the team we know we can be and bring home a title this year. Cross your fingers, we're entered in Rally at the Springs show.
